GOF Checklist

Assumption	How assumption is tested/determined	If test statistic - Value	Significance (p-value)	Assumption met? Yes or No
Independence of observations	Inherent in data set			Yes
Expected frequencies >=5	Expected N			Yes

Test of Association (TOA)

Assumption	How assumption is tested/determined	If test statistic - Value	Significance (p-value)	Assumption met? Yes or No
Independence of observations	Inherent in data set			Yes
2 Categorical variables	Inherent in data set			Yes
Variables with 2+ factors	Inherent in data set			Yes
Expected frequencies >=5 (2x2 table)	Expected N			Yes (2x2 table)
